Cost is \$5 per person, youth 18 and under free. It would not be sanctioned by any organization. We will cover safety first. We will explain the High Power/Service rifle matches including course of fire. Equipment will also be covered in what you would need to get started and participate. How to earn your distinguished rifleman's badge. We will cover sighting with open and scoped sights, come ups at the different yardages and wind reading. On March 13th we will have the second part of the clinic at the outdoor range. We will help interested shooters get the come ups for their rifles and learn how the match works. After this you should feel confident to come shoot a match and enjoy challenging at the different yardages. Hopefully on electric targets. We will also cover pit duty plus much more.
